

PETITION TO PARTICIPATE IN COMMENCEMENT

PLEASE PRINT or TYPE NEATLY

DATE: _____

To be considered, students must have completed at least 114 credits by the end of Spring 2008, AND be within two courses at Commencement of completing all degree requirements, AND have a minimum cumulative average of 2.0 as well as 2.0 cum in the major. Each of these conditions must be met. Students should have specific plans for completing the remaining degree requirements, generally over the summer. An exception to this is made for teacher certification students who have met all requirements (including 114 credits) except student teaching. These students are expected to complete student teaching in the fall. Students who are affected by this policy should return the petition to the Dept. of Academic Achievement in P102 by April 8, 2008. Furthermore, students affected by this policy will not receive graduation honors notation in the commencement program nor when their names are read during the ceremony. All students eligible for graduation honors will receive them once all degree requirements are complete.
